- **On-going support** and educational opportunities.
- **Referrals** to other resources.

Nationally Recognized Leader in Gluten-Free Education for Dietitians

GREAT Dietitians will prepare registered dietitians and dietetic technicians to help patients manage a gluten-free diet in the home. It will further help dietitians and dietetic technicians in their work in foodservice. Dietitians will learn how to find gluten-free food items, how to properly read ingredient labels and how to adjust recipes to be gluten-free. Additionally; screening, diagnosis, counseling, and follow-up strategies are discussed.

What people are saying about GREAT...

"NFCA's mission includes raising awareness for celiac disease. With the increase in awareness and diagnosis of celiac disease, proper foodservice training is paramount."

~Rebekah Spetnagel, MSS, RD On The Menu, LLC/Gluten Detectives®

"I believe that the GREAT program should be the industry standard."

~Joan Pedlow RN, RD GF Naturals®

"GREAT is an authoritative, comprehensive tool that no institution should be without!"

~Nancy Patin Falini, MA, RD, LDN
Consultant/Author/Lecturer

An added measure of confidence.
